

The Professional Abbreviated Report (PAR).

Tired of receiving a BPO, only to have the appraisal come in like it's from another planet? Call Got Appraisals and ask for the PAR Advantage, or Professional Abbreviated Report. Each PAR is completed in 24-48 hours by a local certified appraiser with direct knowledge of the subject neighborhood. And, if you order a full appraisal within 7-10 days, you'll receive \$50 off, and it will be completed by the same appraiser.

Certified Elite Service™ is an industry exclusive. It's a 20-point checklist that lets you know you're getting the premier appraisal management solution in the industry.
